PROFESSIONAL SUMMARY

Front-End Web Developer with 6+ years of experience building scalable SaaS and marketplace applications using React.js and Next.js.

Led UI/UX redesigns for high-traffic products like 6valley and 6amMart, improving usability and performance. Skilled in performance optimization, reusable component architecture, and modern frontend tooling.

Passionate about delivering fast, accessible, and user-focused web experiences.

AWARDS & ACHIEVEMENTS

UI/UX Redesign Leadership – Led complete redesign of flagship products (6valley, 6amMart, StackFood), improving usability, visual consistency, and overall user experience

Performance Optimization & Business Impact – Improved Core Web Vitals (LCP, CLS, FCP) and reduced API calls, contributing to 3K+ product sales on CodeCanyon

React Codebase Migration – Successfully migrated a large-scale application to modern React architecture (v13 → v15), ensuring better performance, maintainability, and long-term scalability

SKILLS

Frontend Technologies

HTML5, CSS3, JavaScript, TypeScript, ES6+, DOM Manipulation, AJAX/Fetch API, JSON, Responsive Web Design, Progressive Web Apps (PWA), Web Accessibility (a11y), Cross-Browser Compatibility, SEO Basics, Web Performance Optimization

Frameworks & Libraries

React.js, Next.js, Vue.js (Basic), Nuxt.js (Basic), jQuery, Bootstrap, Tailwind CSS, Material UI

Styling & Animation

SASS/SCSS, CSS Modules, CSS Animations, Flexbox, Grid, GSAP, AOS, WOW.js, ScrollMagic, Framer Motion, Hover Effects, Transitions, Utility-First CSS

Tools & Workflow

Git, GitHub, Gulp, Webpack, Vite, Docker, NPM, Yarn, Prettier, Postman, Terminal/CLI

Deployment & DevOps

AWS (Basic), Netlify, Vercel, DigitalOcean, Firebase, Cloudflare, Docker Hub, GitHub Actions (CI/CD), Jenkins

Testing & Debugging

Chrome DevTools, ESLint, Lighthouse, Debugging in Web Storm, BrowserStack (cross-browser testing), SonarQube (code quality), SEO, Web Vitals

Design & Prototyping

Figma, Adobe XD, Photoshop, Canva

PROFESSIONAL EXPERIENCE

6amTech

Senior Software Engineer (Front-End Team Lead)

07/2025 – 03/2026 | Dhaka, Bangladesh

- Led development and maintenance of large-scale SaaS and marketplace applications including **Demandium, Hexaride, 6valley, and 6amMart**
- Designed and implemented **scalable frontend architecture** using **React, Next.js, Tailwind CSS, and modern state management**
- Spearheaded **complete UI/UX redesign** of flagship products, significantly improving usability and design consistency
- Migrated legacy codebases to modern React architecture, improving **performance, maintainability, and developer experience**
- Optimized **Core Web Vitals (LCP, CLS, FCP)** and reduced unnecessary API calls, contributing to **3K+ product sales on CodeCanyon**

Leadership & Team Management

- Led and mentored a team of **junior front-end developers**, improving code quality and development efficiency
- Managed task planning, sprint distribution, and delivery tracking in an **Agile workflow**
- Conducted code reviews and enforced best practices for scalable and maintainable code

Employee of the Month – Recognized at **6amTech** and **Themelooks** for outstanding performance, ownership, and consistent high-quality delivery

High-Impact Product Contribution – Played a key role in developing and scaling multiple commercial products across marketplaces like ThemeForest and CodeCanyon

 LANGUAGES

- English
- Hindi
- Bangla

 EDUCATION

Web Design & Development
Feni Computer Institute
Feni, Bangladesh

Higher Secondary Certificate
Alhaj Abdul Hoque Chowdury Degree College
Feni, Bangladesh

Secondary School Certificate
Dharmapur Educational Estate
Feni, Bangladesh

 INTERESTS

- Playing chess
- Reading books
- Traveling
- Photography
- Learning New Things

- Coordinated with product managers, designers, and backend engineers to ensure smooth delivery

6amTech

Software Engineer (Grade II) (Front-End)
07/2022 – 06/2025 | Dhaka, Bangladesh

- Contributed to all products on Codecanyon profile, boosting market presence and product offerings.
- Played a pivotal role in developing high-impact projects including '6valley' 'Demandium,' 'Hexaride,' and '6amMart.'
- Developed 'Demandium' and 'Hexaride' from inception, demonstrating project management and technical execution expertise.
- Led comprehensive UI updates across multiple projects, enhancing user experience and modernizing designs.
- Structured codebases for long-term maintainability and scalability, simplifying future updates and enhancements.
- Delivered high-quality work consistently, driving success and growth of product portfolio at 6amtech.

Themelooks

Software Engineer (Front-End)
03/2019 – 07/2022 | Dhaka, Bangladesh

- Contributed to over 10 items on ThemeForest under Themelooks profile.
- Developed several plugins featured on Codecanyon to enhance functionality of web projects.
- Managed multiple projects simultaneously, ensuring timely delivery and adherence to quality standards.

 PROJECTS
